Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template**.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development**. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources**; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Two Rock Union School District utilizes federal funds to support and enhance the priorities identified in its Local Control and Accountability Plan (LCAP). The District's LCAP goals are:

1. All students will demonstrate growth towards meeting or exceeding standards on state assessments in English Language Arts (ELA) and mathematics and demonstrate grade level or above proficiency in literacy and mathematics.
2. Provide and maintain appropriate opportunities for parent and community involvement with effective communication to support a positive learning environment and culture for students.
3. Students will be present and engaged in their learning in order to be successful and provided with physically and emotionally safe environment.

District data indicate achievement disparities among low-income students, English learners, and their peers. As a result, the primary focus of Title I funding is aligned to Goal 1 and is directed toward improving academic outcomes for students who require additional support. Federal funds are used to provide supplemental services and staffing for English learners, students performing below grade-level standards, students with social-emotional needs, and other students identified as at risk of academic underperformance.

TRUSD implements a comprehensive Multi-Tiered System of Supports (MTSS) that emphasizes early intervention, literacy development, language acquisition, and targeted academic assistance. Title I resources support evidence-based literacy interventions, English language development, supplemental instructional services, and professional learning opportunities for staff. These investments help ensure students receive the individualized support necessary to access grade-level curriculum and achieve academic success.

The District remains committed to closing achievement gaps and accelerating student learning. Although declining enrollment has resulted in reductions to state funding for personnel, TRUSD continues to prioritize services for English learners and low-income students. Federal funds play a critical role in maintaining targeted academic interventions, promoting language development, preventing long-term English learner status, and providing early literacy support to students who need additional assistance in reaching grade-level expectations.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Federal funds are used to enhance and expand services beyond those supported through state and local funding sources. These resources supplement the District's existing intervention programs by providing additional academic support and targeted services during the school day. Federal funding will also support after-school tutoring opportunities for low-income students, English learners, and other students identified as needing additional academic assistance. To support English learner achievement, the District provides classroom-based assistance through a bilingual instructional aide who helps students access grade-level curriculum and participate fully in core instructional programs. Additionally, specialized English learner support personnel collaborate with classroom teachers to strengthen instructional practices through coaching, consultation, and co-teaching models. These services are designed to promote language acquisition, increase academic achievement, and ensure English learners have equitable access to rigorous learning opportunities.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Two Rock Union School District provides a variety of opportunities for meaningful parent and family engagement through volunteer programs, advisory committees, surveys, community events, parent education opportunities, and ongoing school-to-home communication. Families are kept informed through multiple channels, including the District website, social media platforms, school newsletters, and the support of the Two Rock School Education Foundation.

To ensure equitable access and participation, the District employs a bilingual secretary who serves as a parent liaison for English learner families. This individual conducts outreach, connects families with community resources, gathers feedback regarding family needs, and helps strengthen communication between home and school. Translation and interpretation services are available for District events, meetings, and written communications.

When needed, bilingual support staff assist families during parent-teacher conferences, school meetings, and enrollment-related processes. They also help parents understand report cards, assessment results, school notifications, and other important educational information, ensuring all families have access to the resources and information necessary to support their children's success.

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

N/A

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

At this time, TRUSD does not have any students living in local institutions or enrolled in community day programs. Should TRUSD have this need, we are fully staffed with a school-based counseling program and contract the services of a school psychologist and behaviorist. TRUSD would be able to meet the needs of these students.

In order to identify and support struggling students, Two Rock utilizes a Learning Team model. Teachers monitor student progress in academics, social-emotional skill development, and behavior needs. Students who need additional support and intervention are referred to the Learning Team, which is made up of the classroom teacher, principal/administrator, RSP teacher, ELD teacher, and other staff as needed, develop an intervention and progress monitoring plan. Students are then reviewed every six weeks to measure progress or discuss other necessary steps, including but not limited to referral for assessment.

THIS ESSA PROVISION IS ADDRESSED BELOW:

TRUSD provides the necessary services to support homeless children and youth, as well as students living in foster care. Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Two Rock Union School District does not currently operate or formally partner with an early childhood education program. However, the District supports early learning opportunities by leasing classroom space to the South Sonoma County Consortium for the operation of a specialized preschool program that serves young children with identified needs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Two Rock staff work to support students and families through transitions by utilizing counseling staff and specialists, as well as through coordinated planning with classroom teachers. As a small, rural school district that serves a large transient military population, we work to collaborate with other local schools to prepare students for transitions. Additional federal grant funding allows us to provide exposure to college and career events, school visits, and workshops.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Teachers collaborate to provide students with opportunities to change classrooms during math instruction so that students can reach their full potential and remain highly engaged. TRUSD also provides a broad range of enrichments, both within and outside the school day.
