2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Two Rock Elementary School is a single school district located seven miles west of Petaluma in Sonoma County. The school has an enrollment of 139 students in grades TK-6. Students come from the surrounding countryside and the adjacent U.S. Coast Guard Training Center (TRACEN Petaluma). Approximately 61% of the school's diverse student population comes from the Coast Guard base. In addition, about 35% of our population come from local farms and ranches, and includes the children of ranch workers. Our remaining population is comprised of students on inter-district transfers.

Mission Statement:

"The Two Rock School community is committed to a shared responsibility for encouraging creativity while developing every child's academic and social skills as a foundation for lifelong learning."

Vision: "All Students will be challenged and prepared for rigorous standards in an environment of equity, respect, and responsibility."

In order to realize our vision, we will

- * Build upon our community's unique diversity and established traditions
- * Guide our students to meet and exceed academic challenges, become technology literate, physically fit, and exhibit initiative and positive social behavior
- * Use data to make informed decisions that enhance learning opportunities for all students
- * Develop resilient students with the ability to problem solve, collaborate and think creatively and critically.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Teaching staff are in the fifth year of a new Common Core math adoption. We also adopted a Common Core aligned English Language Arts and English Language Development materials four years ago. The district adopted Twig Science aligns with NGSS, and was fully implemented in 2022. Teachers supplement adopted curriculum to include STEAM integration, Social Studies; the district is in the process of adopting, PE, and the arts. Our next adoption process will be Social Studies, which will begin in 2022-2023.

School Facility Conditions and Planned Improvements

Set in a rural valley, the school has 11 classrooms, a STEAM lab, a library, and a multi purpose room with a stage. Outdoor facilities include an outdoor eating area, a large blacktop playground, an extensive play structure area that will be replaced in Spring of 2023, and a garden for outdoor learning, an undeveloped field and a play field. The presence of a regular, daily custodian and an ongoing maintenance program ensure that the school is clean, well maintained, well-lit, and in good repair. Modern and up to date lighting, heating, cooling and fire suppression systems provide a comfortable and safe learning environment for all students and staff. Students are taught respect, responsibility and safety for themselves and their property, as well as for others and the property of others. This leads to a high level of awareness towards eliminating trash or graffiti on the school grounds. A new security camera system was installed in December 2022.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The parents/guardians of the school's students along with the community members from the Two Rock Valley are essential components of the Two Rock School community. The Two Rock School Educational Foundation (TRSEF), the School Site Council/Local Control Accountability Plan Committee, and the English Learner Advisory Council all depend on active volunteers. We coordinate special events, such as STEAM challenges STEAM nights with parent participation, and Career Days, which provide opportunities for parents to share skills and see what students are doing. The site monthly parent volunteer days for campus projects and beautification. Other special programs and activities, support in classrooms, the physical education and enrichment programs, are areas where parent volunteers are actively involved. This the second year the District has administered the the Youth Truth Survey where 77% of the households responded to the survey.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Safe Schools/School Safety Plan is a document that is reviewed annually and revised on a regular basis. The staff members and Site Council/LCAP committee members participate in a regular review of the plan, and we recently created a School Safety Committee to gather stakeholder input on safety issues throughout the year. School Board members are kept apprised of the details of the plan, reviewing and approving it each year. The Safe Schools Plan was approved at Board of Governors Meeting in October 2022.

2021-22 Types of Services Funded

Two Rock Union School District is a member of the South Sonoma County Special Education Consortium, through which several special education services are provided, including the preschool speech and language program and the full inclusion student assistance program. Part-time services in physical therapy and occupational therapy are often arranged by consortium member efforts or through Redwood Pediatrics.

Our district provides limited psychologist hours for special education placement assessment, triennial review, and IEP participation.

We also provide extensive student Social Emotional Learning support and counseling hours, which are budgeted and funded through general fund monies as well as grant funding.

We are developing and supporting STEAM education through with ESSER funds.

We receive grant funding to support After School Enrichment and Safety programming.

The part-time school nurse is funded through general fund monies.

We provide intervention services both during and after school to students who are below grade level through grant funding.

Our ELL teacher is funded through supplemental and federal program funds. The ELD teacher works directly with students by providing direct and small group instruction and also provides planning support and translation services for parents and staff.

Our classroom instructional assistants are funded through base and supplemental LCFF funds.

The District has a Learning Loss Data Tracking/School Secretary to track student progress from the supports offered throughout the school year.

Professional Development

In alignment with the adoption of Common Core aligned curriculum in math, English Language Arts and English Language Development, professional development focused on content integration, student engagement strategies, incorporating technology and 21st century skills, and student intervention systems. Teachers have also work to develop standards-aligned assessments and report cards, with substantial professional development time spent on collaboration and the development of a professional learning community. This year we are also including professional development in the Next Generation Science Standards, Science, Technology, Engineering, Arts and Math (STEAM) strategies. Professional development is delivered through weekly after school meetings, conference attendance. With the addition of grant funding, teachers received training in Social Emotional Learning and Toolbox curriculum, and STEAM curriculum that supports the integration of science, technology, engineering, and math, as well as the arts. In the school year 2021-2022 there was a return to in person learning. The teaching staff is focused on addressing learning loss from distance learning in the 2020-21 school year. The primary focus is basic mathematic skills and literacy. Professional development in the area of social emotional learning (SEL) is another of concern as students return to in person learning. The district is implementing training for MTSS and participating with a team from Penn St. in the Schools Empowering At-Risk Students (SEAS) and developing school-wide PBIS strategies for student engagement and classroom management to promote a positive school culture.
